# **Audition Instructions – Please Read!!!**

Thank you for attending today's rehearsal for scholarships in music at Rogers State University. Below are some guidelines and information to get us started:

- Baird Hall Room 116 is the warm-up room. All students should use that room to warm-up
- There are two important documents. One is the **Scholarship Guidelines**. Read through this document thoroughly before you fill out the **Biographical Sheet**. Bring the biographical sheet in with you to the audition
- Auditions will be held in the Baird Hall Performance Studio. Audition time sheets will be posted for you to sign up the morning of the auditions
- For those auditioning on piano, rhythm (drum/bass/guitar), or tuba, those instruments are in the audition room and will be provided to you
- If you have any other questions, you can enter the audition room and ask if nobody is auditioning
